- 6-7 PM **Oral and Poster Presentations**

Wednesday, April 17

8-9:30 AM	(FA LOBBY)	FREE COFFEE
8 AM-7 PM	POSTERS (FA LOBBY)	All Posters Available for Viewing
8-9 AM	POSTER PRESENTATION (FA LOBBY)	Friend Request: FACEBOOK: Facebook is still the number one social media platform in the world. Why is Facebook so popular and widely used? This poster will show the pro's and con's of facebook. Friend request: ACCEPTED. <i>Presenter: Riley Wisniewski</i>
9-10 AM	POSTER PRESENTATIONS (FA LOBBY)	Child Maltreatment: Child maltreatment is something millions of kids deal with yearly. Kids are physically, emotionally, and/or sexually abused. I will talk about the affects of that abuse, if abused kids turn into abusers, and how these kids can get help. <i>Presenter: Tyler Hawes</i>
		Eating Disorders In Wrestlers: This poster session will explore why wrestlers are developing eating disorders, and argue that we need to change how we are doing weight classes for wrestlers. <i>Presenter: Jacob Gainor</i>
		Parental Alcoholism and the Effects on Their Children: This poster will show the effects of parental alcoholism on their children, the physical, social and mental effects caused by their parents drinking. <i>Presenter: Wendy Childs</i>
		School Lunches: This poster session will examine how school lunches that are high in sugar and fat affect students overall health and performance in school. Obesity, concentration, and athletic performance are just some of the effects of unhealthy school lunches. <i>Presenters: Malachi Wefring-Ramroop, Emily Walker</i>
		Social Media: HOW SOCIAL MEDIA PLAYS A ROLE IN TODAY'S SOCIETY?? INCLUDING MISCOMMUNICATION, CONFLICT ETC... <i>Presenter: Tonetta Medcalf</i>
9-10 AM	SPECIAL EVENT PRESENTATION (FA 194)	Why Lionfish are an Environmental Threat: Popularization of tropical fish at home has resulted in an increase of unwanted lionfish dumped into the Atlantic Ocean. This boom in population has led to many devastating effects on the marine ecosystem with long term effects yet to be discovered. <i>Presenter: McKenna Hernandez</i>
		Parsley, Pregnancy, and Punishment: Attitude and Identity in Rapunzel's Banishment: Folktales communicate identity. The girl "Rapunzel" is named for the herb her father steals for his pregnant wife, but earlier versions of the story are very different. I will explain how attitudes toward women, sexuality, and pregnancy have shaped the tale we know today. <i>Presenters: Mary McCaslin Thompson, Inver Hills English Department</i>

10-11 AM KEYNOTE (FA THEATER)	<p>Homegrown: Community and the Roots of Leadership: Arnaldo Curiel will speak about how his educational and career path was impacted by growing up within Frogtown, a diverse community in St. Paul. He will also discuss how those experiences helped to shape his leadership style as well as his desire to give back to his community. Have more questions? Stick around from 11-12 for Q & A. <i>Presenter: Dr. Arnaldo Curiel</i></p>
---	--

11-11:30 AM POSTER PRESENTATIONS (FA LOBBY)	<p>Social Determinants of Health: Poster presenting a client with numerous factors impacting health. Included on Poster: Action plan, Patient Advocacy Problems and hindering factors identified, including action steps for potential outcomes. <i>Presenter: Amanda Rowles</i></p> <p>Nursing Leadership: Impacting Social Determinants of Health: Nursing's role in advocacy for social justice as it relates to healthcare and the development of an intervention plan that takes into account determinants of health, available resources, and the range of activities that contribute to health and the prevention of illness, injury, disability, and premature death in vulnerable populations. <i>Presenter: Debra Hartman</i></p>
---	---

11 AM-12 PM POSTER PRESENTATIONS (FA LOBBY)	<p>Big Cats and Their Mental Health: This poster session will compare the mental health of big cats in zoos and in the wild. Big cats in zoos are more stressed than in the wild. This session will argue that zoos should have better habitats that relates closely to their habitats in the wild. <i>Presenter: Trina Bradley</i></p> <p>Communication In Friendships and Relationships Via Social Media (Snapchat): Social Media is used everyday by people to communicate with friends and partners. We don't think about it, but there are multiple components we go through mentally making a post. Communication is something we do 24/7, and there are good and bad outcomes that comes with it. <i>Presenters: Gracie Allen</i></p> <p>Cyberbullying: With any social media account cyberbullying is everywhere. <i>Presenters: Jenna Dietzler</i></p> <p>Diet Affects Mental and Physical Health: This poster session will explain how and why diet effects mental health, such as eating disorders, depression, Alzheimer's and physical health, such as cancer. <i>Presenters: Sundus Abdi, Amal Ozoglu, Ryan Gordon, Leslie Quintero</i></p> <p>Effects of Living in an On Demand World: Nowadays we live in a world where we can recieve anything we want, whenever we want. Food, music, videogames, books, movies anything you can imagine. This poster will examine the physical and mental effects living in a on demand culture has on people. <i>Presenter: TJ Scovil</i></p> <p>Facebook Socialization Through Games: This poster presentation will examine how communication through Facebook games can help develop or destroy relationships. Finding friends using social media is a definite benefit, but these relationships can also be harmed depending on the communication between the two parties. <i>Presenter: Peggy Shortell</i></p> <p>How Diet Affects Mental Health: This poster session will explore the different foods in your diet that can affect mental health both positively and negatively. We will explain the diet you want to have in order to get good sleep at night, feel good about yourself and lower your risk of having anxiety or depression. <i>Presenters: Tiffany Flohr, Jakob Nelson, Kelsey Thon</i></p>
---	---

11 AM-12 PM POSTER PRESENTATIONS (FA LOBBY)	<p>How Personality Impacts School Performance: This poster session will explore how a student's personality impacts their ability to perform. More importantly, this session will cover the aspects of a student's personality that give them a natural ability to perform at a higher level in a school setting. <i>Presenter: Cooper Stadler</i></p> <p>Instagram: Instagram is the most dangerous app/site when it comes to everyone's mental health. Tune in as I talk about the pros and the dangerous of instagram along with how instagram affects your relationships. <i>Presenter: Omot Obang</i></p> <p>Instagram and Self-Esteem: My presentation is about how Instagram can lower your self esteem. If you post a picture that you thought looked really great, and then get a bunch of silly, or frustrating comments, that can lower your self-esteem. Some people compare themselves to others and that can also lower your self-esteem. <i>Presenter: Anna Johnston</i></p> <p>Plastic in the Ocean: Plastic in the ocean is a big problem today. We put together a poster presentation including facts and statistics about plastic in the ocean such as: how it gets there, how it effects ocean life, and what you can do to help. <i>Presenters: Lily Byrnes, Luke Honsa</i></p> <p>Recognizing Eating Disorders in Adolescents: This poster session will examine methods that parents can use to recognize the early signs of eating disorders in their children. <i>Presenter: Jenna Conley</i></p> <p>Social Determinants of Health Poster: Analysis leads to solutions. Judgement leads to perpetuation. <i>Presenter: Sarah Ann Wagner</i></p> <p>Social Determinants of Health, meet Somchai: Leadership social determinants of health poster on Somchai. <i>Presenters: Kayla Denzer, Brittney Ronquist, Tianna Chute</i></p> <p>Social Media Facebook: I will be explaining why/how Facebook effects peoples relationships, and talk about the drama that happens with people on Facebook! <i>Presenter: Caytlin Raveling</i></p> <p>The Connection Between Impulsivity, Diet, and Advertising: Not getting enough sleep causes people to excessively crave junk food and develop problems with impulse controls. People with ADHD are especially vulnerable to misleading advertisements. This poster session will explore impulsivity ADHD and diet. <i>Presenters: Justin Fligg, Cala Boesel, Jacob Wassmund, Max Helmueller</i></p> <p>The Dangers of Misconceptions in the Veterinary World: Cheyanne Zick is a Certified Veterinary Technician who will be speaking on two common dangerous misconceptions in the veterinary field, BEG diets and feline declaws. <i>Presenter: Cheyanne Zick</i></p> <p>The Effects of Diet on Autism: My poster is about the effects of diet on autism. It will show the positive and negative effects on behavior. <i>Presenter: Claire Jasinski</i></p> <p>The Impact Prison has on Mental Health: Sixty-four percent of state prisoners develop symptoms of serious mental health illness like depression, anxiety and suicidal thoughts. The poster session will explore the reasons why prisoners develop mental health problems and the prison system can keep the symptoms from developing. <i>Presenter: Olivia Bennis</i></p>
---	--

11 AM-12 PM	POSTER PRESENTATIONS (FA LOBBY)	<p>The Indestructible Prions: Prions are heat resistant proteins that affect the CNS. It can be transmitted not only between different animals such as cows and sheep but can also be transmitted to humans. A widely known example of a infectious prion disease is mad cow disease, which comes from eating contaminated meat. <i>Presenter: Alissa Dort</i></p> <p>Twitter: How twitter may or may not effect your communication with others. When people would go to twitter to vent about something or somebody. <i>Presenter: Alay'zah Reid</i></p> <p>Twitter and How it Effects Relationships: Twitter, Relationships. <i>Presenter: Antonio T Stepan</i></p> <p>Unhealthy Foods Commercials vs. Tobacco Commercials: This poster session will explore why there should be more regulations on fast food advertising aimed at children. There has been a precedent of the government limiting the tobacco industry because smoking posed high risk to the pubic. This poster will argue the government should intervene with the food industry. <i>Presenter: Ruth Cartagena</i></p>
		<p>How Emotion Contagions Affect Relationships On Twitter: I will talk about how you can use Emotion Contagions can help out and how it won't help out in relationships. <i>Presenter: Prescott Ernst</i></p> <p>Intersectionality, Identity and the Movies: We will be discussing our intersectional identity movie posters and the impacts of intersectionality on our lives. <i>Presenters: Clovis Aborungong, Lydia Borchert, Paul Schackmuth</i></p> <p>Prenatal Disorders: How prenatal disorders affect children and adolescents. <i>Presenters: Hunter Ulwelling, Tony Brown, Paul Schackmuth, Adeola Omoyeni</i></p>
11:15 - 12:15	(FA LOBBY)	FREE PIZZA — TICKETS AT REGISTRATION TABLE
12-1 PM	POSTER PRESENTATIONS (FA LOBBY)	<p>Age of Onset for Mental Health Diagnosis for Adolescents in Minnesota: This study will examine age of onset for mental health diagnosis as well as other factors related to adolescent wellness. <i>Presenter: Anna Petrie</i></p> <p>Electronic Cigarette and Marijuana use among Minnesota Youth: This study explores the relationship between electronic cigarette (e-cig) use and marijuana use among Minnesota youth. Results find a small but significant correlation. Further study regarding the relationship of e-cig use among youth and other substances is necessary. <i>Presenter: Melissa Dirtzu Wells</i></p> <p>Exercise and Depression Among Teenagers: How much exercise are teenagers in 8th, 9th, and 11th grades participating in on average during a typical week? Does more participation in exercise decrease the chances of depression issues? Should teenagers participate or not participate more in exercise to decrease their risk of depression? <i>Presenter: Nicholas Lange</i></p>

12-1 PM	POSTER PRESENTATIONS (FA LOBBY)	<p>Feeling Safe at Home: Examining how Living with Biological, Adoptive or Foster Parents Impacts Students Feeling of Safety when they go Home: Our current foster care system is not where it needs to be in terms of keeping youth safe. In this session we will examine whether an adolescent still currently in foster care will feel less safe than one who has been adopted or still lives with their biological parents. <i>Presenter: Tori Wiseman</i></p> <p>Insta Takes Over: From photo sharing to modern marketing platform Insta does it all. Come check out my poster to see more. <i>Presenter: Austin Holm</i></p> <p>Schizophrenia: We are discussing Schizophrenia in Adolescence & hoping to provide enough informative information from our research. <i>Presenters: Yani Galo, Bryn McGary, Chloe Pigg</i></p> <p>Sexual Abuse & Self-Esteem in Minnesota Youth: Using data from the 2016 Minnesota Student Survey, this study examines the relationship between self-reported sexual abuse and responses to the statement, "I feel good about myself," on a four-point ordinal scale. <i>Presenter: Kaylyn Schreiber</i></p> <p>Snapchat: I will be talking about snapchat and how you can use snapchat to make friends with someone. <i>Presenter: Chris Cruz</i></p> <p>Suicide Risk in Adolescents Who Experience Partner Abuse: This study examines the relationship between suicide risk and adolescents who experience partner abuse. Using data from the Minnesota Student Survey in 2016, correlations were calculated for each variable (partner abuse, suicide attempt, and suicide ideation). <i>Presenter: Megan Cook</i></p> <p>The Curiosity of Twins: Genetics playing the part in research and reasoning behind twin studies. How human fascination can make studying twins be ethically wrong and the controversy over nature versus nurture. <i>Presenters: April Erie, Gina Chandi</i></p> <p>The Empathy Gap: Validity and Relation to Minnesota Students: This study examines statistics regarding the "empathy gap" using responses from Minnesota students who were asked about their compassion for others in relation to their biological sex, as well as an overview of the psychology and research behind the idea of the empathy gap. <i>Presenter: Rachel Christensen</i></p> <p>The Relationship Between Bullying and Sexual Orientation in Minnesota Youth: This presentation will be exploring the relationship between sexual orientation and bullying victimization. It will explore the percentages of students in 9th and 11th grade who identify as heterosexual, bisexual, or gay/lesbian and the correlation with reported bullying victimization. <i>Presenter: Kantika Jones</i></p> <p>The Relationship Between Depression and Academic Performance: This study examines the relationship between depression and academic success. By isolating the variables of answers provided on two depression screening questions from the 2016 Minnesota Student Survey, the study examines how these answers correlate from the academic performance of students in grades 8, 9, and 11. <i>Presenter: Angeline Watts</i></p>
---------	---------------------------------	---

12-1 PM	POSTER PRESENTATIONS (FA LOBBY)	<p>The Relationship Between Homelessness and Adolescents Who Have Incarcerated Parents: This poster will examine the correlation between children who are homeless and children who have parents who are incarcerated. The data from the 2016 Minnesota Student Survey being used in this study will include both males and females and all races. <i>Presenter: Sydney Kidder</i></p>
		<p>The Relationship Between Mental Health and Substance Use in Minnesota Teens: Using data from 125,000 students in 8th, 9th, and 11th grades who took the 2016 Minnesota Student Survey, the study examines the relationship between students who report mental health problems and their reported rates of substance use. <i>Presenter: Alyssa Larson</i></p>
		<p>The Relationship Between Parent Abuse And Bullying Behavior In Adolescents: In this study we analyze the correlation between students in grades 8,9 and 11 who have experienced or witnessed parental abuse, and their reported bullying behavior towards peers in daily interactions. <i>Presenter: Isabel Carlson-Atwater</i></p>
		<p>The Relationship Between Students Affiliated with Religious Activities and Depression: Using data from the Minnesota Student Survey in 2016, this poster explores the correlation between students who are involved in religious activities and how their participation relates to their mental health, specifically regarding depression. <i>Presenter: Louisa Hall</i></p>
		<p>The Relationship of Perceived Peer Alcohol Use on Self-Reported Behavior: It is no secret that adolescents experience peer pressure both internally and externally, and feel strongly compelled to conform to their environment. This study examines whether a relationship exists between perceived peer alcohol use and self-reported alcohol consumption. <i>Presenter: Jose Guzman</i></p>
		<p>Twitter: Twitter conflicts. <i>Presenter: Manaal Sahid</i></p>

1-2 PM	POSTER PRESENTATION (FA LOBBY)	<p>Social Determinants of Health in Migrant Populations: Social determinants of health are the economic or social situations that influence differences in health for both individuals and groups. With this poster, those situations, their influence and potential avenues to change outcomes based on determinants of health are explored within the life of a migrant worker and his daughters. <i>Presenter: Kayla Kaufér</i></p>
	ORAL PRESENTATION/PAPER (FA 194)	<p>How Social Media Affects Teenagers: How social media affects teenagers from a psychological perspective. <i>Presenter: Hunter Ulwelling</i></p>
	SPECIAL EVENT PRESENTATION (HH 203)	<p>A Reading and Discussion with Heid E. Erdrich: Heid E. Erdrich is a poet, writer, and filmmaker. She is a faculty mentor for Augsburg College Low-residency MFA and the author of five books of poetry, most recently <i>Curator of Ephemera at the New Museum for Archaic Media</i>. She recently edited the 2018 anthology, <i>New Poets of Native Nations</i>. <i>Presenter: Heid E. Erdrich</i></p>
	SPECIAL EVENT PRESENTATION (FA 196)	<p>Recovery Operations at an A-4F Aircraft Crash Site, Ha Tinh Province, Vietnam: Results of recovery operations of a 1968 aircraft crash site in Vietnam will be presented. In 2016, Dr. Perkl assisted the Defense POW/MIA Accounting Agency (DPAA) with a team of DPAA staff, active duty soldiers from the Army, Air Force, Marines, and local Vietnamese. <i>Presenter: Brad Perkl, Inver Hills Anthropology Department</i></p>

1-3 PM	SPECIAL EVENT PRESENTATION (THTR)	<p>Finding the Good: Reclaiming and Reframing Rwanda: For 10 years+, Carl Wilkens has been sharing stories around the globe to inspire people to become positive social change agents. He is the only American who chose to stay in Kigali, Rwanda throughout the 1994 genocide. In 2011, Carl completed a book detailing these days titled <i>I'm Not Leaving</i>. <i>Presenter: Carl Wilkens, Executive Director of World Outside of My Shoes</i></p>
1:30-2 PM	POSTER PRESENTATION (FA LOBBY)	<p>Social Justice Poster: A poster that presents resources that are available for a Mexican immigrant worker. <i>Presenter: Sara Jalbert</i></p>
5-6 PM	ORAL PRESENTATION/PAPER (FA 196)	<p>Law Enforcement Obesity: Did you know that 80 percent of police officers are considered overweight or obese? Law enforcement officers have to pass a fitness exam to get the job, so how did they get this way and what can be done to fix this issue. <i>Presenter: Cynthia McDowall</i></p>
5:30-7 PM	(FA LOBBY)	<p>FREE COOKIES – SPONSORED BY CUB FOODS</p>

Thursday, April 18

8-9:30 AM	(FA LOBBY)	<p>FREE COFFEE</p>
8AM-7PM	POSTERS (FA LOBBY)	<p>All Posters Available for Viewing</p>
8-9 AM	POSTER PRESENTATION (FA LOBBY)	<p>Infantile Amnesia: Infantile Amnesia is an occurrence within the hippocampus which turns old “forgotten” memories from our early childhood into latent memories. These latent memories, while not readily accessible by our conscious mind, help us form who we are today. <i>Presenters: Amber Skrypek, Jasmine Callies, Lauren Lambert</i></p>
	POSTER PRESENTATION (FA LOBBY)	<p>ADHD: Lifespan Development presentation on ADHD. <i>Presenter: Meron Solomon</i></p>
9-10 AM	ORAL PRESENTATION/PAPER (FA 190)	<p>Negotiating Freedom in the Workplace and the Family: We will examine how freedom is defined, obtained, practiced, and protected in the unique contexts of the family and the workplace, through rhetorical negotiations between children and parents and workers and managers, thereby challenging the common assumption that freedom is shaped only by struggles in and with the state. <i>Presenters: Edward Hahn, Cecelia Farmah, Maftuna Isoeva, Joseph Johnson</i></p>

10-11 AM	KEYNOTE (FA THEATER)	Bringing Your Culture to the Workforce: Speaking from an historical framework as an American Indian, Joe Hobot will discuss ways that students can leverage educational and community opportunities right now, without losing one's sense of identity or culture, in order to achieve workforce success. Have more questions? Stick around from 11-12 for Q & A. <i>Presenter: Dr. Joe Hobot</i>
11 AM-12 PM	POSTER PRESENTATION (FA LOBBY)	Advertisements and Addictive Ingredients in Food: This poster session will explore how advertisements change children's food preferences and how addictive ingredients make them crave for unhealthy foods. <i>Presenters: Mackenzie Schneider, Blessing Fasina</i>
		Alternative Treatments for Childhood ADHD: Following diagnosis of ADHD in a child, medications are one of the first lines of treatment. However, medications can have serious side effects like heart complications, or even create additional psychiatric issues. Besides medication, this presentation focuses on beneficial, non-pharmacological treatment methods, such as exercise, nutrition, and more! <i>Presenters: Natalie Hatoum, Amanda Mueske</i>
		Craving Chocolate: This poster session will explore the chemical, emotional, and social reasons behind overeating chocolate. <i>Presenters: Emma Natoli, Ya Awa Njie, Madison Lee, Allison McNeil</i>
		Stop Ripping Families Apart: This poster session will explore how deportation effects the children's lives, with the difficulty of a parent being taken away. <i>Presenter: Kaida Bisbis</i>
		The Harm of Red Meat: This poster will explore how raising cattle harms ecosystems around the world, and how humans should reduce meat consumption. <i>Presenters: Aisha Adams, Dani Pawlak</i>
	ORAL PRESENTATION/ PAPER (FA 194)	Birth Order and Child Personality: Birth order can affect child's character for the rest of his or her life. Specific trends show that individual's birth order may predict later accomplishments, relationships, and even style. This presentation will discuss the psychological background of birth order and how it affects families today. <i>Presenters: Annamarie Moline, Esperanza Hernandez, Kendall Borrowman</i>
11:15 - 12:15	(FA LOBBY)	FREE PIZZA — TICKETS AT REGISTRATION TABLE
12-1 PM	POSTER PRESENTATIONS (FA LOBBY)	Fertilization to Birth: Fertilization and fetus development until birth. <i>Presenters: Elisabeth Schmidt, Rianna Nolan, Anja Black</i>
		STOP! The Animal's have had Enough: This session will argue against the practice of animal testing. The session will explain why animal testing is harmful and inaccurate. Additionally, the session will cover how better forms of testing are now available. <i>Presenter: Bethany Mejia</i>
		Teratogens During Pregnancy: What type of teratogens affect pregnancy and how. <i>Presenters: Alexia Peterson, Bella Hang, Abby Rustad</i>

12-1 PM	ORAL PRESENTATION/ PAPER (FA 194)	Type 1 Diabetes: To inform you about Type 1 Diabetes. <i>Presenter: Kamelo Jama</i>
1-2 PM	POSTER PRESENTATIONS (FA LOBBY)	Social Determinants in Healthcare: Nursing students researching what economic and social conditions influence populations and communities. <i>Presenter: Mlckey Pedina</i>
		The Relationship between Suicidal Behavior and Sexuality: Using the data from the Minnesota Student Survey (2016), this study analyzes the correlation between suicidal behavior and students who identify as heterosexual, bisexual, gay/lesbian, and unsure from the 125,000 students surveyed. <i>Presenter: Kristen Knourek</i>
	ORAL PRESENTATION/ PAPER (FA 194)	Child Neglect: Our presentation will explore the effects of physical and emotional childhood neglect. We will explain the impacts of neglect and how it impacts personal development, as well as our communities and world. Join us as we develop a further understanding of extreme and slight cases. <i>Presenters: Emilee Fremstad, Marah Zachary, Emily Hartranft, Israel Higuera</i>
		Overcoming Oppression: This thesis paper is about how women aren't the problem but the solution to oppression. Women can find their voice through the chaos, raise awareness to others, and establish change. Oppression isn't a choice, but there are multiple ways for women to make opportunities for themselves through it. <i>Presenter: Emily Kendall</i>
		The Real Victims of Rape: When it comes to rape it is common to think there is only one victim, but in reality, there can be multiple victims that get overlooked. <i>Presenter: Carter Hinderscheid</i>
4-5 PM	ORAL PRESENTATION/ PAPER (FA 194)	Vaginismus: When Life Gives You Limbo: Vaginismus is a complex female sexual disorder which in most severe cases can render sexual intercourse and nonsexual penetration impossible. In this presentation attendees will learn about the biological and psychological aspects of this medical mystery from a woman who has overcome Vaginismus. <i>Presenter: Taylor Sorensen</i>
5:30-7 PM	(FA LOBBY)	FREE COOKIES – SPONSORED BY CUB FOODS
6-7 PM	POSTER PRESENTATION (FA LOBBY)	What is the Relationship between HPV and Cervical Cancer?: Human papillomavirus (HPV) is found in about 99% of cervical cancers. <i>Presenter: Ashley Tinney</i>
		Becoming a Parent: My presentation is about becoming a parent and how it is psychologically straining on any parent. <i>Presenter: Marta Nightingale</i>
	ORAL PRESENTATION/ PAPER (FA 194)	The Ultimate Coop: The Ultimate Coop is a design that we came up with as a team. This design includes an automated door, and automatic heating and lighting. We designed this coop to decrease predation and egg loss. <i>Presenters: Megan Abagat, Alex Breimhurst, Anne Breimhurst, Josiah Trost</i>
